

The Contest JUG

Newsletter of the NORTHERN CALIFORNIA CONTEST CLUB
3130 Raleigh Court
Fremont, California 94536

Merry Yule, You Contest Fool

No. 43
December 1975

Pres.: WB6CEP. VP/Contest Chmn.: WA6DIL. Sec/Treas: W6KHI. Directors: WB6AIN, WB6DSV, W6RGG.
JUG Head: W1ARR/6. Folder, Stapler & Mutilator: WA6NLQ.

Year Ends With A BANGquet!

PREVIEW OF COMING DISTRACTIONS

- Dec. 12 DEADLINE for Banquet reservations (WB6DSV, W6KHI or WB6CEP)
- 13-14 ARRL Ten-Meter Contest
- 20 NCCC Christmas/Awards Banquet
- 22 DEADLINE for mailing SS logs & checksheets to ARRL
- 25 MX2U . . .
- Jan. 1 . . . ES HNY!
- 3-4 ARRL VHF Sweepstakes
- 9 DEADLINE for January JUG
- 10-11 ARRL CD Party (CW)
- 17-18 ARRL CD Party (phone)
- 26 NCCC Club Meeting, AS&L Bldg, Hayward (7:30 PM)

SOMETHIN' SILLY FROM PREXY BILLY

Pulse-pounding oratory with heart-stirring sentiments couched in uplifting and memorable phrases . . . language that soars and then lodges in the memory forevermore . . . the nobility and grace of elegant eloquence . . . Not the slightest trace of that stuff is to be found in the presidential utterance that follows:

WE DID IT! The Kick Butt Crew from California has annihilated the alltime SS club competition record with a score in the immediate vicinity of 10 megapoints! Heartiest "congratulations, OM" are due to each and every NCCC member who participated in this history-making event. An epidemic of sore tails will no doubt be in evidence when the official outcome is released by ARRL Hq.

So many people did such an outstanding job of coming through for the Club in the past few weeks that it's difficult to decide where to start. However, I feel I just have to begin by applauding the efforts of those operators who lacked a big signal to run up a

((QSY TO PAGE 2))

What possible better way could there be to finish off the NCCC's best year ever than by holding our best Christmas/Awards Banquet ever? By holding a mass meeting at the Mustang Ranch, that's how! But since that event seems a bit unlikely at the moment, we'll just have to settle for the Banquet.

This year's bacchanalia will be held Saturday evening, December 20, at Zorba's Restaurant in San Jose. The address is 1350 South Bascom Avenue (map appears elsewhere in this issue) and the phone number is 293-7170.

It is ABSOLUTELY IMPERATIVE that WB6DSV have a complete reservations list by Friday, December 12! If you've dillied and dallied till now, that doesn't leave you much time to add your name -- so head for the twisted pair and call George (739-4233) or W6KHI (564-9683) or even WB6CEP (642-1871 or 841-9689). Hereof fail not!

No-host cocktail hour begins at 6:30, dindin at 7:30. For the infinitesimal outlay of \$7.50 per person (tax and tip included), you get to munch on a complete steak dinner with all the customary trimmings. Following this

((QSY TO PAGE 3))

Banquet reservations must be in!

1975 DECEMBER 1975

28	29	30	31			

SS logs + checksheets must be mailed!

Banquet!

PREXY BILLY ((Continued from Page 1))

big point total but hung in there gamely with their small tribanders and/or dipoles or verticals to carve out a score that demonstrated real operating savvy and superb Club spirit. These fellows are unquestionably the sine qua non -- the indispensable element -- so far as the NCCC chances of pulling off that #1 miracle are concerned.

A sizable number of bigger signals were not exactly lacking in the Spirit & Sacrifice Dept., though. A goodly portion of our DX-oriented members, who ordinarily turn puce-green at the mere sight of three consecutive W's entered on their logsheets, swallowed Dramamine tablets by the dozen as they racked up those WB9's for good ole NCCC. Likewise did the CW scoffers and the "God-I-Hate-Side-band" contingent, several of whom had reached the point of seriously considering self-admission for psychiatric treatment by 0900Z Sunday morning. As an anonymous East Coaster said to the biggest, meanest, ugliest SSB-hater of them all (W6RGG), "Jesus, if they got you on phone, they have to be going all out!"

People came out of the woodwork who hadn't been heard from in months or even years. Over and over I heard "I've been too busy with other things to spend any time on radio for the past (X months or years), but I'll throw together what gear I've got and see you in the SS!" And the new members were just as fantastic, if not even more so. While I have not yet calculated the relevant statistics, I would estimate that the total contribution by members of less than six months' standing is on the order of megapoints!

Finally -- last but certainly not least -- let us not forget the Club core around which this entire contest revolution was built: the 40 guys who came back from last year to KB even harder, the Club actives whose participation and various contributions have made the NCCC a vital and exciting organization, and particularly the Club leadership group, all of whom have busted their butts for many months to ensure that the nether portions of testers residing outside of northern California (and western Nevada) would be resoundingly kicked in November. Very special tnx go to the SS Contest Coordinators: W6KHI, W6RNF, WB6LPK, WB6DSV, W6OKK, W6RGG (with lots of help from WA6GSN), WA6DIL, K6SG, WA6KAC.

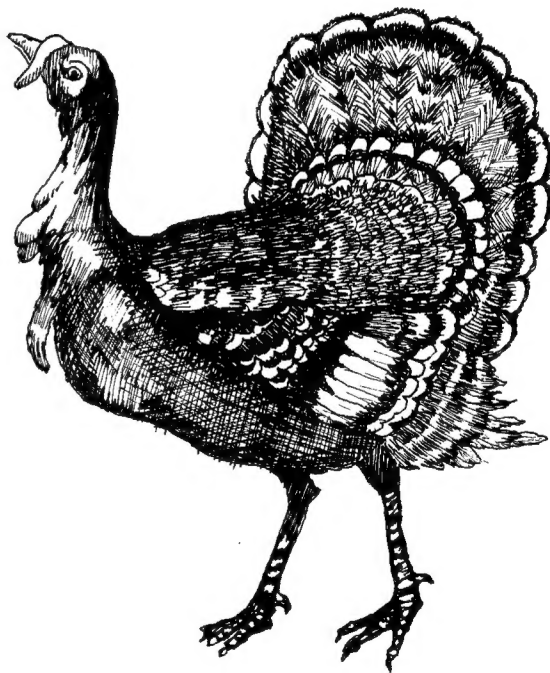

Speaking of SSCC'ers, your SSCC'er's job is (almost) never done, and he has probably been hounding you to dupe your logs and then either (1) give him Xerox copies of your sum-

mary sheets and send the logs to ARRL Hq. yourself, or (2) give him the whole shebang for mailing at the Club's expense. Don't forget to circle YES for Club Participation, and make sure that NCCC stands out **BOLDLY** on the line below (on the summary sheet). We want to have all scores in final form for a final counting at the Banquet on December 20, so please help us in this very worthwhile endeavor.

Before returning you to the tender ministrations of our Editor Extraordinaire (though exactly what is so extraordinary about him we'll let pass for the moment), I would like to once again offer my sincerest congratulations to each and every participant on a superlative SS effort, and to urge EVERYONE to attend the biggest and wildest celebration banquet you ever saw in your contest life! -- 73, Bill, WB6CEP

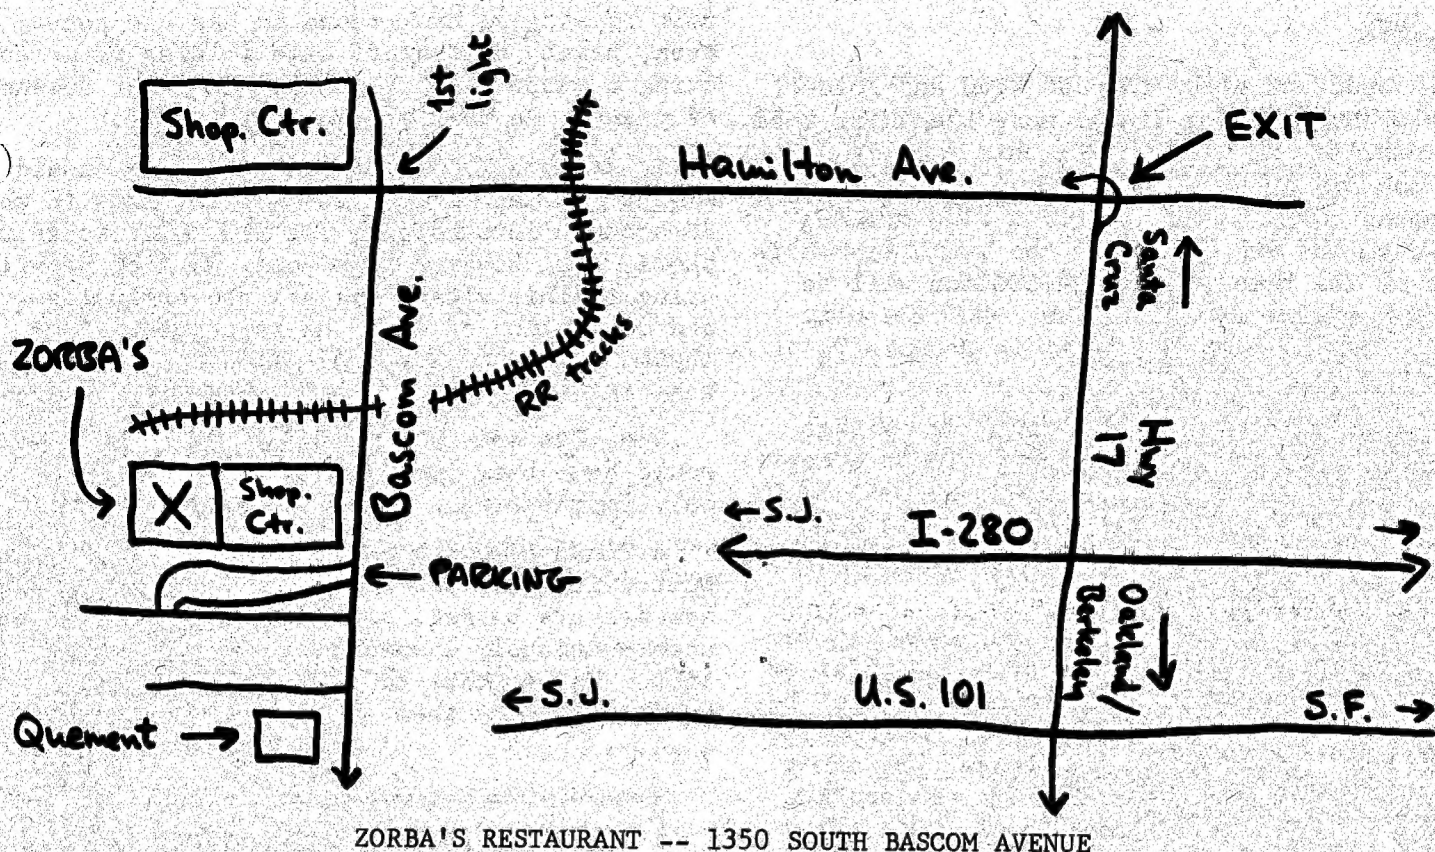

((ED. NOTE: And you thought the Moscone-Barbagelata TV debates were boring . . .))

MAIL YOUR SS LOGS AND CHECKSHEETS BY DEC. 22!!!

TURKEY (tur'kē) n., 1 a) any of several subspecies of large, wild or domesticated, N. Am. birds (*Meleagris gallopavo*), with a small, naked head and spreading tail; b) a related wild bird (*Agriocharis ocellata*) of Central America with eyespots on the tail; c) a member of the Northern California Contest Club who "didn't bother" to get on for, or otherwise help out on, the Club's all-out Sweepstakes effort in 1975. (Tnx JØAN for the FB drawing!)

WB6DSV MUST HAVE BANQUET RESERVATIONS BY 12TH!

ZORBA'S RESTAURANT -- 1350 SOUTH BASCOM AVENUE

Banquet ((Continued from Page 1))

Opulent repast will be Zorba's super floor-show featuring an honest-to-Zeus belly dancer (pretty navel idea, say we).

A major part of every annual Banquet is the presentation of awards, and this year we've got a terrific batch going out. Contester of the Year . . . the JUG Head Memorial Award . . . and a whole slew of awards that might be considered less than entirely sober (which also describes the condition of those in attendance by that time).

Don't forget: if you think you have a shot at the JUG Head award (a gallon of Canto Mountain Burgundy to whoever worked the most Club members in the SS), WLARR/6 must have your list of calls by Dec. 19.

Another treat: thanks to K6CQF, we'll have a supply of brand-new Club rosters updated from that hoary old-timer dated July 28. The NCCC population has grown dramatically since then, so you'll want to glom onto a new lineup. If you can't make the Banquet (you poor chump), send W6KHI an SASE for your roster.

Elsewhere in this JUG is a notice that all who have not paid the \$6 assessment that was due July 1 are now reading their last copy of this publication. If that thought sickens you even more than reading the JUG does, we suggest you favor W6KHI with your ~~six~~ bills

at the Banquet. When a new mailing list is made up at the beginning of the year, those in arrears will be dropped (although their Club membership will be unaffected).

Something else you might want to do at the Banquet is order a supply of NCCC Club QSLs. These unfancy but handsome pasteboards may be obtained from WB6DSV for the modest outlay of . . . well, the latest figure we have is just \$10.75 for 900, and \$9.00 for each additional 900, but the price may have increased. In any event, these orange-and-black cards are well worth the investment. Printed W6UFJ does a FB job! No doubt George will have a sample or two on hand at our Dec. 20 extravaganza.

As of Dec. 8, the following are on record as having made reservations: ZM IPC DXV GBU VEF OAT CEP CQF PAA ARR DIL KHI AIN OKK DSV RX SG LPK RGG MSF JVD EXW ION RM AHF BHY LHN NUT ENP EBB ERT OWQ JUD BMV BVY and AUC. If your call does not appear in that list, phone WB6DSV, W6KHI or WB6CEP by FRIDAY, DECEMBER 12!

CU there, Butt-Kickers!

FOR SALE: CX7A w/ CW fltr, spare tube, assorted spare parts, hot & reliable (W6BHY, home 213-376-8168, work 213-648-7280). . . . WANTED: 500 Hz fltr for 75S1 (WA6JUD, 685-7987). . . . 2M/6M SSB equip, 446.0 FM xcvr, 6M beam, all for VHF SS (WA6VEF, 538-0520). . . . 600-ohm spkr for R390 (WLARR/6, 549-3963).

In order to allow the JUG Head and Folder/Stapler/Mutilator a little more breathing room in compiling and processing this publication, our monthly deadlines henceforth are going to be moved up a bit. Whenever a Club meeting falls on the 4th Monday of the month (which is most of the time), the dead JUGline will be the 2nd Friday of that month. For the next three months, that works out to January 9, February 13 and March 12.

As always, we plead for input from the membership! It's always the same old handful of hard-core faithful who mean the difference between a new-packed issue and a wasteland. We DO NOT expect literary brilliance! We don't care if you can't even write two consecutive words without misspelling one of them. What we DO need is the raw material from which to work.

This list could be extended almost indefinitely, but you get the idea. The JUG does not appear at the snap of a finger or the popping of a pill. Do your part, OM!

For the past year or so, WA6NLQ and his 2nd Op, Sheila Junge, have performed most of the coolie work involved in the mailing of this publication. It's a tedious job, completely lacking in glamor and glory, and Stu and Sheila have done it in FB -- er, KB -- fashion. They've earned a rest! And so, effective with the next issue, the JUG will introduce a new Folder, Stapler & Mutilator: Mr. C. K. Epps, W6OAT. Mr. Epps brings a

It appears that Rusty will use his considerable persuasive talents to con others in the SF section into helping out with this monthly chore. But however it's done, we know he will bring to this vital task all the enthusiasm and dedication of which he is capable. Furthermore, my fellow NCCC'ers, we are confident that he . . . zzzzzzzzzzzzzzzz . . .

A final note: as was mentioned in the Banquet writeup, those who have not paid their \$6 assessments by Dec. 31 will be immediately and unceremoniously dumped from the JUG mailing list. We hesitate to use the term "free-loaders" -- but then again, if the shoe fits . . .

DEC. 12	BANQUET RESERVATIONS IN!
DEC. 22	SS LOGS/CHECKSHEETS MAILED!
DEC. 31	\$6 ASSESSMENT PAID!

What is so rare as a day in June? A month without a new NCCC member, that's what. Six more hardy innocents were added to the Club coffers -- er, membership rolls at the Nov. 19 meeting:

WB6RZX Peter Bergman
501 Malcolm Hall

Davis, CA 95616
(phone 916-752-3853)

W6UA Charles E. Weir, Sr.
Route #3, Box 260B
San Luis Obispo, CA 93401
(phone 805-544-1461)

Mike, WB8CIN/6, is 21, holds an Extra and has been licensed 7 years. Currently a student at Stanford, he operates W6YX in contests, preferring CW over phone by 8-2.

Greg, WB6EMA, is a freshman at UC Berkeley and also holder of KL7KAC. He's one of the W6BB crew, of course.

Dexter, WA6IZV, is 19, holds Extra, is a 6-year veteran of the ham wars. Found mostly on CW (as would any right-minded person), he likes SS, FD and QSO parties.

Ron, W6PXG, has been ticketed for 17 years and is also Extra; he's 32. Ron used to multiop at K9PPJ and K9QFZ. He has also held the calls K9RJP and ZF1RL.

Pete, WB6RZX, is a freshman at UC Davis and has Advanced license. He's president and trustee of WB6LSJ, the Central Contra Costa County Contest Club. (CCCCC?)

Charlie, W6UA, joins the NCCC PVRC Refugee Club (W6NUT, K6SG, K6OZL, W1ARR). Licensed since 1934, he's been contesting ever since, particularly at W3MSK (now W3AU) in the '50's and '60's. His son, W6UM, lives in the LA area and is also a contest enthusiast and a PVRC member.

Welcome, gentlemen! How does it feel to become a certified Butt-Kicker?

ATTENTION METAL COLLECTORS

Word has been received from W6MSF that the Wilson antenna people will be drastically streamlining their product line early in 1976 -- with much heavier emphasis on (eccchh) CB and correspondingly less on amateur aeri-als.

Carl says Wilson will be dropping their 7L 15M beam and maybe the big 20 as well -- the new listing appears in January QST. While this news is lamentable in the long run, it may be a short-run blessing in disguise.

Several NCCC members (among them W6MSF, W6KQG and WA0ENP/6) are interested in banding together to buy out as much of the remaining jams to be dropped as they possibly can. It is entirely possible that, by buying in a big quantity, they can arrange to get this stuff at a price that might be otherwise impossible and literally once-in-a-lifetime.

Anyone interested in exploring this poten-

tial transaction is urged to contact W6MSF without delay. Carl's business phone is 257-7000; at home it's 941-9592.

SWEEPSTAKES TIME AGAIN???

The 1976 ARRL VHF Sweepstakes will be held on the first weekend in January (check Dec. QST for dates and times). There is a club competition for this contest, as in the Nov. SS, so with an effort from Club members with VHF and UHF gear, we stand a pretty good chance of placing in the Top Ten.

The exchange is simple, the same as in the Nov. SS except that an "A" precedence indicates power input of 50 watts or less; "B" indicates over 50. Stations with 2-meter FM rigs can find contest activity on 146.52 and 146.94, and sideband activity may be found on the low ends of the 6- and 2-meter bands.

Jim, WA6BMV, will be active on 6 and 2 from the top of Mt. Tamalpais; Gary, WA6VEF, will be on with something from a location in the San Leandro Hills; Russ, K6KLY, will be on from home; and Carl, WA6JUD, may also have an operation planned. -- WA6VEF

((ED. NOTE: Congratulations to WA6JUD for his KB score in the Sept. VHF QSO Party, too -- Carl set a new Pacific Division record and placed 5th nationwide, a tremendous accomplishment from the West Coast! See Dec. QST for the writeup.))

NCCC NET QNI FOR NOVEMBER (TNX W6RGG)

4 -- WB6DSV K6HIH W6PAA W6RGG WA6TQK.
3 -- WB6EXW K6ILM WB6JGS WA6JVD WA6KAC W6KHI
W6OKK W6OWQ WA6VEF. 2 -- W6BB WA6HAF W6KQG
W6KYA W6MSF W6NUT K6OZL K6QPH K6QX W6UZX K6ZX.
1 -- WA1ABW (DX1) K6AHV WB6AIN K6AUC WB6BDL
K6CQF WA6DIL WA6HAF K6KWN WA6MIV W6MUR WA7NIN
W6NJU W6NLG W6OAT W6PXG K6RM K6UWR W6ZRJ. A
total of 89 check-ins by 45 stations. FB!

The NCCC Net meets every Tuesday night at 7:30 PM local time on or near 3815 kHz. If you want to BS a bit first, show up at 7. NCS W6RGG welcomes one and all with open mike.

Er, okay, we did forget roster changes ... How's this: WA6TQK -- 32421 Jean Drive, Union City, CA 94587 . . . WB6IPC -- Box 540, International House, Berkeley, CA 94720 . . . W6-LQC -- 14967 Granite Court, Saratoga, CA 95070 . . . WA6BVI -- 210 Calderon Ave. #102, Mountain View, CA 94041 (phone H 964-3648, B 324-0077) . . . W7MRS -- 13905 Chamy Drive, Reno, NV 89502. Gary's interested in swapping R4B/T4XB for complete mint robot SSTV setup.

TQK phone: 489-6643.

WHAT IF THEY GAVE A CONTEST . . .

. . . and, as the old line goes, nobody came? As far as the NCCC was concerned, the CQ WW CW weekend came close to meeting that very fate. In the opinion of many (your JUG Head included), the CQ CW DX Test is the best contest of them all -- but with everyone putting in all-out efforts in the Sweepstakes, there just wasn't much oomph left over when Nov. 28 came around.

However, some of our real addicts got into the CQ CW and did pretty well. One who'd rather forget the whole thing is W6PAA, quitting after 3 hours of total, 100% frustration: keyer worked intermittently, tribander crapped out, big tower couldn't be cranked up because of high winds, prop-pitch rotor acted up, exciter quit, linear power-supply had problems, S9+15 noise level on 80, 80M antenna shorted out. With such a catalog of woes, it's a wonder Ken even managed to last those 3 hours!

WA6TLV spent an interesting weekend, first at K6RR -- whose ops included K7VPF, the fam-

ous (or infamous, depending on your viewpoint) W9WNV (now W6ERO), WA9UCE and WB6ZVC -- then W6OUN (W6HX) with WA3GBU/WB5IZN, WB6OLD and others.

W6NUT went 80 single-band, picking up ON4-UN, G3HTA and EA8CR among the goodies.

The statistics we have on hand:

K6AUC (40)	520	48C	23Z	21H
K6CQF (All Band) 700K	+1035			
K6HIH (20)	265	48	21	
W6HJP 160K	289	124	82	
W6NUT (80)	42	27	16	
W6PAA (All Band)				
K6SG				
WA6VEF	+100			

W6PAA also sent along the CQ WW phone tally from his multi-single effort with W6OWQ, WA6-VEF, WB6AIN, WA6AVS and OH1VR: 1249 QSOS, 209 countries, 100 zones -- total 1,096,332.

Congrats to W6ZRJ, reelected Pac Div Dir, and K6ITL, 1st Regional Emergency Coordinator!

WE KICKED BUTT!

November 1975 will go down in the annals of contest history books as the month in which the Northern California Contest Club served notice that it was for real -- and that a bunch of fired-up guys from the low-class West Coast could take on the haughty Easterners and either actually beat both of them, or one of them, or at least give them one hell of a scare.

We emphasize that the figures we have on hand are not all exact, not even close to it. Despite all the pleading and begging, a number of members still have not turned in their scores, and many that we do have are not adjusted (i.e., the dupes still lurk therein).

Be that as it may, at this moment your weary JUG Head computes our total score as 9,661,376 -- with a shot at 10 meg if all our missing scores (particularly on phone) come through.

What does 9,661,376 mean? It means the sum of 66 entries on CW, 60 on phone. It may mean a new alltime club record for the SS. It may mean victory -- and the gavel! On the other hand, it may only mean we're right up there with PVRC and MM, but even

that is certainly nothing to sneeze at.

What else does 9,661,376 mean? It means a quantum jump over our 1974 score of a measly 4,331,050 -- considerably more than doubling that score.

And what does 126 entries mean? It means 11 more than top-scorer PVRC turned in last year to amass their 8,570,392 points -- a total surpassed in 1975 to the tune of more than a million points by NCCC! (It also means that fewer than half our members participated in this effort, believe it or not.)

Our total on CW was 4,177,808; on phone it stands at 5,483,568, with (we hope) a handful of scores yet to be submitted. The average CW score was 63,300; on phone it was 91,393. The average overall score per member entry: 77,347.

Thirteen NCCC'ers broke 100K on CW -- but twice that number did the trick on sideband. Eight KB OM's pulled off a Clean Sweep on SSB: WA6AHF (WA6TLV, op), K6CQF (WB6CEP, op), W6JZU (WB6AIN, op), WB6KBK (who, we understand, now proudly styles himself the "Kick Butt Kid"), W6MUR (W6PAA, op), W6OKK (WB6DSV, op), WA7NIN (W6OAT, op) and W6NUT.

Now let's survey the 150K Club -- those **29**

7

stations, both single and multi, whose operators piled up a total of more than 150K points on both modes combined. After the scores, where available, is a band-by-band breakdown of QSO's per band: 80, 40, 20, 15, other (160, 10, VHF). These figures do not necessarily add up to the overall QSO totals shown, because some entrants figured QSO's per band before eliminating dupes. We take absolutely no responsibility for the accuracy of any of this statistical stew:

WA7NIN (W6OAT, op)	390,234	160,284 229,950	1083-74 1533-75	200 175	394 560	369 544	120 252	2
W6NUT	340,442	148,592 191,850	1004-74 1279-75	101 150	348 409	388 332	169 397
